

An integral part of this program is

business promotion & collaboration

**which is paramount to the success
of the county economic base and
financial status of its population.**

**We invite you to participate
in the Community Partners
Program with the following
opportunities at no charge:**

- Business/organization listing and contact information on our website
- Access to grant writing
- Fundraising resource networking
- Collaboration with county services, businesses, and activities
- Area-wide community calendar

Mission Statement

Marion County Community Services, Inc. (MCCS) is a nonprofit charitable organization dedicated to promoting activities and projects that enhance the overall welfare and quality of life for Marion County residents. This includes health, wellness, and fitness activities, recreation, cultural functions, education, family life activities, economic and business promotion, and emergency and disaster services.

invites you to participate in the

Community Partners Program

**This program is designed to promote
networking and collaboration, share
resources, and garner opportunities among
Marion County businesses and organizations.**

**We are promoting a website to
centralize this effort. The website
is designed to highlight the many
services and businesses found in
Marion County.**

Our goal is to promote networking and collaboration, share resources, and garner opportunities among Marion County businesses and organizations.

The Community Partners website (www.marioncountypartners.com) will allow Marion County residents, as well as potential visitors, to access all business listings via their electronic devices. There is no charge for this listing for Marion County businesses.* The information to be displayed on the website will consist of the following:

- Business name
- Business category
- Contact person
- Telephone number
- Street address
- City, state and zip
- Email
- Website (additional charge for hyperlink)

The listings will resemble a telephone directory giving visitors ease in looking for a specific business listing by category.

This website is linked with other existing sites, making it easy to access information.

*Nominal fee for out of county businesses.

Also Available

Option 1: Website Advertising

Ticker:

A ticker is a small, revolving advertisement displayed on each page of our website. Each ticker will be displayed for 20 seconds before rotating to the next advertisement. Sign up is on an annual basis. We will use your current business logo.**

Banner ad:

This consists of a larger, non-rotating ad located at the bottom of each web page.

Option 2: Web Page

- The opportunity to develop a single web page highlighting your business.
- Visitors will access your web page by clicking on your business listing on the main website.
- We will use your existing company logo.
- You are responsible for providing any artwork or logo you would like displayed.**

The benefits of this option are the low cost and visibility to your business. If you have researched website development, you know the cost begins around \$500, and can grow quickly, depending on the information you request to be included.

**If you do not have a suitable logo, we can refer you to a local business who will assist you, at an additional charge.

Marion County has industrious, talented individuals and businesses who could benefit from shared opportunities and promotion. We hope you will join us in an effort to encourage a spirit of collaboration and sharing throughout our county.
